

LET'S Go!

LET'S Go!

Language Education Training Speech Go!

We are pleased to now be offering NEW online training options. Our online training sessions can be bought in by groups/schools/charities for up to a maximum of 30 participants.

Our online training comprises:

Training videos with handouts to watch at a time suitable for delegates.

Activities designed to develop practical plans and targets for individual children.

Live online discussion sessions to share feedback on the activities & provide an opportunity to ask questions.

Supporting Children with Down syndrome in Primary Schools

This online course is designed for primary school staff who are new to working with a child with Down syndrome or as a refresher for current staff. The course content may also be of interest to parents and many of the strategies can be supported at home but please note, examples focus on school and working in the classroom. The course is divided into 5 sessions:

- The learning profile associated with Down syndrome
- Developing literacy skills
- Developing numeracy skills
- Differentiating the curriculum
- Promoting social strengths and supporting behaviour

Delegates will have access to 5 private training videos (30-50 mins each) as well as 2 live online discussion sessions.

Promoting Positive Behaviour 0-7 years

This online training includes an overview of the learning profile associated with Down syndrome and its implications for social-emotional development and behaviour for children aged 0-7. The course is divided into 3 sessions:

- The importance of developing independence
- Supporting friendships and promoting positive behaviour
- Strategies for managing behaviour

Delegates will have access to 3 private training videos (approx. 45-50 minutes each) for people to watch whenever best suits them within a limited time period, as well as a live online discussion session.

Language Education Training Speech Go!

LET'S Go! provides specialist consultancy services for children with Down syndrome. We offer Down syndrome specific training, information, support and services for families, education providers, professionals and organisations.

LET'S Go! delivers evidence based training and workshops for parents and professionals across a range of topics related to Down syndrome ranging from training on successful inclusion and speech, language and communication needs to more practical workshops on topics such as differentiation and behaviour.

"It was all round great, particularly as I am working from home at the moment so could do the videos in my own time, spread across a few days. I always find Becky really interesting to listen to and very informative."

"Thank you again, it was all very helpful. Doing the course remotely gave me more time to go over it all and digest the information."

"The training videos are so jam packed with fabulous practical ideas. Thank you for the inspiration and confidence."

"Thanks for a great set of power points and videos, these were really helpful and the activities have really helped me to plan and get excited about teaching B in September."

In addition to the online courses detailed here, we may be able to adapt our other training topics to an online format (<https://online.fliphtml5.com/xwpjc/zeql/>). If you have any questions and/or want to discuss any of our online training options in more detail please contact us: rbaxter@letsgouk.org.
